RE: SOAH Docket No. 582-09-3064; TCEQ Docket No. 2008-1888-UIC; *Application of Uranium Energy Corp of Permit No. UR03075 and for Aquifer Exemption in Goliad County, Texas*

Dear Ms. Rowland and Ms. Castañuela:

On October 1, 2010, Protestant Goliad County received Judge Wilfong's cover letter and Proposal for Decision by mail in the above referenced matter. The cover set October 17, 2010 as the deadline for submitting exceptions and October 27, 2010 for submitting replies to any exceptions filed. See Attachment 1. Pursuant to 30 T.A.C. § 80.257, I conferred with all parties regarding extending the date for submitting exceptions and replies to exceptions to October 22, 2010 and November 1, 2010 respectively. This extension is necessitated due to a scheduling conflict wherein Jim Blackburn and I will be attending a contested case hearing in a separate matter. The Applicant, ED and OPIC indicated they are unopposed to the request. On October 4, 2010, Judge Wilfong responded by letter indicating that he also is unopposed to the requested extension. See Attachment 2. Goliad County Groundwater Conservation District and Pat Calhoun have also communicated that they are unopposed to the proposed extension. Therefore, Goliad County respectfully requests that the TCEQ grant their request and extend the current exceptions and replies to exceptions deadlines to October 22, 2010 and November 1, 2010 respectively.

Ms. Rowland and Ms. Castañuela

Re: SOAH Docket No. 582-09-3064; TCEQ Docket No. 2008-1888-UIC; Application of Uranium Energy Corporation for Class III Injection Well Permit No. UR03075, for Aquifer Exemption, and for Production Area Authorization No. 1 in Goliad County, Texas

Dear Mr. Trobman:

Enclosed are copies of the Proposal for Decision (PFD) prepared in the above-referenced matter. You will note that I am not presenting a proposed order to the Commission at this time, because there remain unresolved issues which preclude a recommendation that the applications be granted at this time. The PFD recommends that the applications be remanded for additional evidence to be developed and made part of the record, or in the alternative, that the applications be denied. Thus, it is uncertain how the Commission may proceed with this case. If the Commission adopts the recommendation to remand, the ALJ can prepare a supplemental PFD and proposed order following the re-convened contested case hearing and close of the record.

Any party may file exceptions or briefs by filing the documents with the Chief Clerk of the Texas Commission on Environmental Quality no later than October 17, 2010. Any replies to exceptions or briefs must be filed in the same manner no later than October 27, 2010.

The above-referenced matter will be considered by the Texas Commission on Environmental Quality on a date and time to be determined by the Chief Clerk's Office in Room 201S of Building E, 12118 N. Interstate 35, Austin, Texas.
